Welcome to the 2018 Wethersfield Stages.

We are delighted to welcome you to this year's stage rally at MDPGA Wethersfield.

Taking place on Sunday 9th September 2018, we have 6 stages planned, totalling around 65 miles.

The venue is a combination of smooth and flowing tarmac with some nice twisty bits thrown in.

Starting at 9am and limiting the entry to 90 cars, we hope to finish in good time for a sociable prize giving before you need to head home.

As usual, a big thanks in advance to all the organisers and marshals who will make the rally happen and I look forward to seeing everybody there.

We have to clear the venue Sunday night, if any of you would like to give a hand bringing Cones and other equipment back from the Airfield to a central point, we would really appreciate it.

Gary Nicholls
Clerk of the Course.

The stage start will be operated by traffic lights linked direct to Digital Clocks with automatic jump start detection by a beam.

The Traffic Light Start Sequence is as below; no verbal warnings will be given and the competitor should leave the start on the Green light.

Regroup Control (RC)

At the SSF Control at the end of a Stage 1 to 5, competitors will return to the service area as stated in the Roadbook for the next Service Halt via a RC control which is designated an MTC (IN) Control. The official will collect the Time Card for the Stage just completed and record on the next Time Card your due time at the MTC (Out) for the next stage.

Main Time Control (MTC (IN))

At the end of the event after Stage 6 SSF there will be an MTC (In) Control which will be the finish of the event.

Service crews will not be permitted to go to the assistance of competitors who break down on a Special Stage. Cars which are stranded out on the stage may have to remain there until the end of the event. The organisers will endeavour to move cars which are in a dangerous position but do not guarantee to provide assistance in returning them to the Service Area, although every effort will be made to clear broken down vehicles in between Special Stages.

Parc Ferme

The area between the MTC(Out) and the SSS is designated as “Parc Ferme”, the only work permitted in these areas is the following (unassisted): Cleaning lamp glasses, windscreens, windows, identification markings and vehicle registration numbers.
